

Recommend a Care Worker and receive £200

Live Well at Home has built an excellent reputation on providing the very best quality of care. This is down to the quality of our staff and the dedication they have to working to the best of their ability.

Word of mouth can be invaluable when looking for new staff and **just one word from you could turn into a very tasty £200!**

Simply recommend someone to us as a potential new recruit and as long as they end up working a minimum of 15 hours across a 7 day period, for 3 months, we'll pay you £200.

Help recruit 4 care-workers in a year and you could receive £800!
